

Product Overview

INV1000 is an IP-based Surveillance Network Video Recorder (NVR). It can be managed remotely via Internet or LAN/wireless environment. It can also be integrated with Internet cameras (up to 4 units) and Internet monitor. Moreover, the NVR can be remotely accessed and can record live stream video simultaneously. The device is easy to use and install. Just simply connect it to router or switch on your home network, and the device will automatically communicate with linked cameras is using default IP protocol. The device also has powerful built-in NAS feature. The users can backup, share, video & audio media and print files via SMB/CIFS protocols. It is a definitely the best Home/SOHO NVR server solution.

NV1000

Specification

Network Video Recorders NV1000		
IP Cameras	1-4	
Numbers of H.D.D	1-2 (SATA I/II) up to 2TB	
RAID Types	Standard / RAID 0 / RAID 1 / JBOD	
USB Interface	x2 (USB 2.0) (One for Printer Sever)	
Network Transmission	LAN (RJ45-10/100/1000)	
Networking Protocols	CIFS / SMB	Internet (HTTP)
NVR Applications		
Recording Performance	Up to 30FPS (4 CH)	VGA / QVGA / QQVGA
Compression Format	Motion JPEG	MJPEG4
Reordering File format	*. AVI	
Reordering Type	Manual, Schedule, Alarm , Motion	
NAS Applications		
File System Type	EXT3 ; FAT32 ; NTFS (*)	
iTune Server	Yes	
UpnP Multimedia Server	Yes	
Printer Server	Yes	
FTP (Backup) Server	Yes	
Setup wizard Tools	LAN Configuration, IP Finder	
Languages GUI	English / Traditional Chinese	

(*)Feature Enhance

Powerful All in One Application

- * It's a powerful All-in-one Server includes File Server, FTP Server, Backup Server, Mirror Station, Printer Server, UPnP Media Server, and iTunes Server (7in1)
- * Program utility as IP Finder to help users to search NVR and IP CAM at the same time
- * Build in NTP feature allows users can synchronize the date and time of the network by NVR and IP CAM

Easy Installation and Operation

- * The user spend only uses 6 steps to complete IP CAM configuration
- * Wizard mode to use 5 steps to set up network configuration.
- * The web-based interface allows enables users to access by browser as IE anytime , anywhere

Miscellaneous

- * Certification: CE , FCC
- * Support Client: Microsoft 2000/XP/NT/Vista or Linux or MAC
- * Box Shipping Weight: 1.8 Kg
- * Dimension : 201*134*105 mm
- * Power Supply: External Power Adapter with Max:48W,100-240V

Package Content

- * One NVR Device
- * One AC Power Adapter with Power Cord
- * One Ethernet Cable (RJ-45 type)
- * Four Screws for Quick Dismantled
- * Four Rubber Pads
- * One Installation CD-ROM
- * One Quick Installation Guide (7 Languages)
